HUCU CHURCHES

This is by no means an exhaustive list; other churches in Hull that cater for students include Hull Vineyard, who are more involved with the work of Love Hull Uni.

St John's Newland

St. John's is a lively and growing church within 10 minutes walk of the university. Our aim is to "build up, reach out and send out". We believe that the teaching of God's word is central to the life of the church, as well as contemporary worship and fostering deeper relationships with one another.

We have lots going on for students and a full time team dedicated to looking after you. There's lots to get stuck in to including: Small group Bible studies, International Café, evangelistic discussion groups, as well as plenty of opportunity to get involved in the life of the church family. Lots of our students help with children and young people's work, play in the band, and get fed with lots of lovely food by church families! We have a number of events especially designed for Freshers in September. We would love to welcome you to our church family.

Cottingham Methodist Church

is a family church with a rich variety of worship from lively and family-friendly, to praise services using modern worship music and reflective prayer alongside more traditional services and a selection of ages and personalities to match! Check out our website for which services take place on which Sunday. Our church's mission is to be at the heart of the community, and we are physically in the centre of Cottingham, which gives us a great opportunity to offer service to our community, whether reaching out with practical help, or welcoming them in for our music, films, open air services, or our regular meals. We have strong ecumenical links with the other churches in Cottingham and several joint enterprises, including a teenage club, a social worker at the high school and involvement in cross Hull initiatives of prayer, celebration and service. We hope you will join our current students and young people in developing their own expressions of worship, and practical discipleship through our small groups and community outreach activities.
